Annual State Council Is Now in Session in Greensbore.

[Special to The Times-Dispatch.]

Greensboro, N. C., February 22.—The nineteenth annual session of the State Junior Order Council held its initial convention meeting in the Opera House here to-night. An audience taxing the capacity of the building was present to witness and enjoy the only public coremonies of the three days' convention.

The usual public opening ceremonies were held and eloquent addresses of welcome and responses were made after presiding officer, A. Wayland Cook, had called the meeting to order in a fine address. City Judge Eura delivered the address of welcome for the city; Colonel Hobgood for the local councils, and responses were by Hon. J. R. Jayce, of Goldsboro. These addresses were followed by a splendid talk from Dr. Charles Brewer, of the Wake Forest College faculty, on "The Relation of the Junior Order to Education in North Carolina."

Several brief impromptu talks followed, and adjournment was had at 10 octock.

There are 400 delogates here, and by Wednesday 600 are expected to be present at the first business meeting. All sessions henceforth are executive, and many important questions are reported to be on deck for solution.

### Cars Making One Stop

One Stop

Patrons of the street car, all over the city are gradually learning to appreciate the improved service of the company-is giving, and they are cooperating with the company-by getting on the far side of all streets, except where there are atreet railway intersections or crossings, where the city ordinance requires stopping on the near side. In view of this requirement of a committee to draft the official schedule, and the agreement upon an ironclad salary limit contract, the directors of the Carolina Association of Baseball Clubs closed an interesting meeting late to-night.

The salary limit, a question which has harassed the league for two seasons, was settled by fixing the sum of \$1,400 for twelve players, exclusive of the manager, and the adoption of an affidavit and penalty system which, it is believed, will insure absolute fairness on this score.

A committee of three directors was named to map out an official schedule, which shall be final, from three tentative schedules submitted, and April 23 was selected as opening day, with a 112-game schedule.

SCHEDULE IS ANNOUNCED.

Chairman Kuapp's Statement.

Concerning the hearings which have been held by the House Committee on Interstate and Foreign Commerce, Chairman Knapp, of the Interstate Commerce Commission, authorized the following statement, which clears away any misappreliension regarding his position on the freight rate question:

"The report in many papers of a colloque between the chairman of the House committee and myself on Saturday entirely misrepresents what occurred. The question asked me by Mr. Mann, to which I gave an affirmative reply in substance, related solely to import rates, which are generally less than on some articles from some ports —materially less than domestic rates from the same norts on the same articles.

Stuart's Dyspepsia Tablets are made to give to the system, through the digestive tract and the stomach, the necessary chemicals not only to digest food, but to enrich the fluids of the body so that it may no longer suffer from dyspepsia or other stomach trouble.

Advised.

The bill as a whole is approved by the commission, and in its statement the commission and in its statement the commission expresses its gratifi-cation "that this measure embodies most, if not all, of the principal recom-mendations heretofore made to the Congress, except the valuation of railroad properties, and also contains pro-visions of great importance which, in

Stuart's Dyspepsia Tablets contain fruit and vegetable essences, the pure concentrated tincture of Hydrastis. Golden Seal, which tone up and strengthen the mucous lining of the stomach, and increase the flow of gastric and other digestive julices; Lactose (extracted from milk); Nux, to strengthen the nerves controlling the action of the stomach and to cure nervous dyspepsia; pure aseptic Pepsin of the highest digestive power and approved by the United States Pharmacopoela.

One of the ablest professors of the University of Michigan recently stated that this Pepsin was the only aseptic pepsin he had found that was absolutely nure—free from all animal impurities; Bismuth, to absorb gases and prevent fermentation. They are deliciously flavored with concentrated Jamaica Ginger—in itself a well known stomach tonic.

Liquid medicines lose their strength the longer they are kept through evaporation, fermentation and chemical changes, hence Stuart's Dyspepsia Tablets are recognized as the only true and logical manner of preserving the ingredients given above in their fullest strength.
